Freedom Academy

S 414 — [HR 352]

This ↑ too was a bill to provide for a Freedom Commission & Freedom Academy.

On 8 April 1963, Gen. Carter & Mr. Houston decided to simply "sit on a response to Fulbright."

A letter to Sen Fulbright was drafted but not sent and is presently to be found in 5414 file.

The Agency is opposed to the establishment of a Freedom Academy but loathe to become embroiled - indeed involved - in this legislation.

Hence we'd best "sit on" HR 352 as well.

We couldn't locate any file on HR 352 and consequently have no idea as to what, if any, action has been taken by us with regard to this bill.

establishment of a "Freedom
Commission" which would research
the strategy & tactics of the
Communists and the methods
best suited to thwarting the
work of this international movement.
To this end, the Commission would
establish a "freedom academy"
where leaders from government &
private industry, foreign students
etc could study Communism &
learn how best to cope with
and defeat it. [HCUA]
